

DELIVERING  
CONTENT  
IN CONTEXT

## PUT ABCO ON YOUR TRAINING TEAM

We take care of the materials so you can focus on training

Are administrative tasks taking your training team away from what they do best?  
Are freight costs eating up too much of your budget? We can help.

From efficient online ordering and reporting systems to production on a global scale, ABCO offers relevant and cost-effective solutions to improve your training materials management – and ROI.

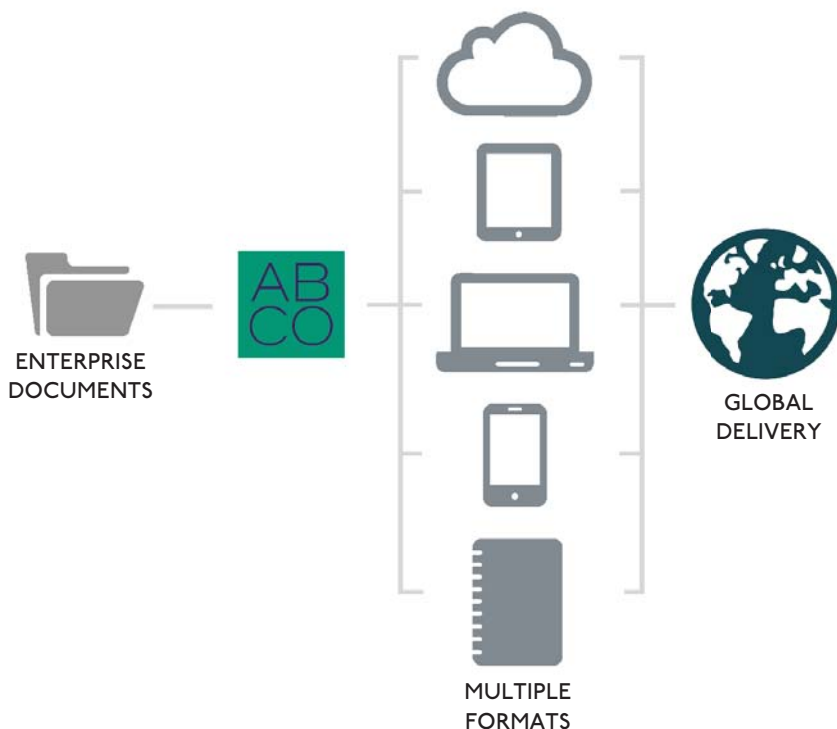

**GLOBAL DISTRIBUTION** – without the shipping costs. ABCO is uniquely positioned to manage your processes and projects on a global scale. Through our IPN Network of over 180 locations, we can distribute files electronically around the globe to produce and deliver materials when and where you need them.

**SIMPLIFIED ADMINISTRATION** – online ordering and reporting included. We help companies streamline training operations management. With access to online ordering and accurate usage data, you will save time and increase organizational efficiency. Let us manage your materials so you can focus on what you do best.

**MULTIPLE DELIVERY FORMATS** – your content your way. ABCO can repurpose content in a wide range of delivery formats including, print, e-training, mobile, download or other formats.

**STAY LEAN** – trim waste. Our “just-in-time” approach and quality control processes will keep you lean by improving turn times, reducing warehouse costs and reducing waste caused by obsolescence.

**NO WORRIES** – ABCO delivers. You can rely on ABCO to provide your materials where and when they’re needed
